Campus Innovation Week 2026 - Official Amendment

Fictional notice, revision 2.0, dated 13 October 2026. This amendment updates the fictional 12 October version 1.0.

Scope and precedence

This amendment **supersedes version 1.0 only for the registration fee and registration deadline**. All other policies of the October 12, 2026 participant circular remain unchanged unless expressly stated here.

Version 1.0 specified INR 250 per person and a registration deadline of 20 November 2026 at 6:00 PM IST. Those two values are superseded by the revised values below.

Updated registration fee

The revised registration fee for general participants is **INR 300 per person**, effective for the fictional 2026 event. Existing and future general registrations use this revised published fee for this teaching example.

Invited mentors and registered volunteers continue to attend without a registration fee.

Updated registration deadline

The updated registration deadline is **22 November 2026 at 6:00 PM IST**. Organizers may refuse late requests. Registration confirmation still requires an email from the organizing committee.

SYNTHETIC TEACHING MATERIAL - not a real event notice.

Campus Innovation Week 2026 - Official Amendment (continued)

Fictional notice, revision 2.0, dated 13 October 2026. This amendment updates the fictional 12 October version 1.0.

Policies unaffected by the amendment

The fictional event remains scheduled for 27 and 28 November 2026 at Innovation Hall, North Quadrangle, Northbridge Institute of Technology.

A showcase project team must consist of two to four students. The original demonstration rules, academic integrity requirements, refund policy, and judging rubric remain in effect.

The original program still lists the final showcase at 03:00 PM IST on 28 November 2026. The showcase summary submission deadline is still 23 November 2026.

How to read the documents together

When a question asks for the current 2026 registration fee or registration cutoff, consult this revision 2.0 rather than the superseded 2026 version 1.0. When asked what the initial circular stated, cite version 1.0.

This amendment does not specify parking charges or Wi-Fi passwords. It does not change the exemption for invited mentors or registered volunteers.

For fictional event queries, the contact remains events@example.org.
